ENTERTAINMENT PROGRAM

SATURDAY 8 OCTOBER 2011

WHARNCLIFFE MILL, CARTERS ROAD, MARGARET RIVER

### MAIN STAGE

9.45am **Beyond Gardens** – Gardenwise – smarter gardening better suited to our soils and climate

10.15 **Liana Joy Christensen** –Performance poetry - Celebrate evolution and biodiversity with a tap-dancing rap tribute to Charles Darwin

10.30 **Red Hot Spatula** – Spring Rolls –learn the art of the perfect spring roll – interactive fun with fabulous chef Yvonne Bleach

11.00 **Beyond Gardens** – Bush foods in the backyard – an introduction to the wonderful world of bush foods you can grow at home

12.00 **Junkadelic** - Funk on Junk - By re-envisaging “Junk” as a resource for making instruments, Junkadelic shows what is possible with a little imagination and effort. Inspired by Mardi Gras/calypso festivals and a myriad of musical forms, Junkadelic remains part of the DIY culture which paves the way towards sustainable living.

1pm **The Londons** – Live on stage - Two voices, one sound. Meet Simon and Tammy London and fall in love with their swaggery soul tunes – sometimes bluesy, sometimes folk – always fabulous.

2.15pm **Beyond Gardens** – Great food gardens – grow water-wise, nutrient-wise and money-wise vegetables

2.45pm **Junkadelic** – Back on stage to perform with their workshop participants

3.15pm **Beyond Gardens** - Great food gardens – grow water wise fruit and nuts at home

3.45pm **Beyond Gardens** - Q and A – interactive audience session – ask the experts

### BBQ ZONE

11.30 **Ken Ninnette** – Bushtucker - Share in the knowledge of Australian native plants and animals and explore the variety, possibilities and future for our biodiverse South West bush tucker.

12.30 **Red Hot Spatula** – Gourmet BBQ – Meet Yvonne Bleach at the BBQ's and learn to impress your friends with a fabulous gourmet experience.

### KITCHEN

11.00 **WildRaw** - Organic chocolate making workshop - Join chocolatier Caterina Cannizzaro in the kitchen for a chocolate-making experience sure to bring out the master chef in all of us

2.00pm **WildRaw** - Organic chocolate making workshop - Join chocolatier Caterina Cannizzaro in the kitchen for a chocolate-making experience sure to bring out the master chef in all of us

### KIDS' ZONE

9.30 **Captain Coastcare and Dune Dude** - Captain Coastcare & Dune Dude are two colourful coastal characters whose entertaining performances teach you how to care for our coast.

10.30 **Captain Cleanup** 3Rs Bidders are winners - Captain Cleanup helps us Reduce, Reuse and Recycle in a beautiful clean Australia. Rock on. Interactive songs, games and prizes.

11.30 **Zac Web** - Aboriginal tool making - Get hands on with Zac as he shows you how to make a number of tools traditionally used by the Noongar people and you can even try your hand at it

12.30pm **Captain Cleanup Water and Energy Saving** – Help save water, energy and save the planet with Captain Cleanup. Water's like liquid gold and in short supply. Captain Cleanup investigates the simple things we can do every day that collectively make a huge difference. Interactive songs, games and prizes.

1.30pm **Junkadelic workshop** – Meet the Junkadelic guys in the kid's zone for a one hour workshop making amazing instruments from junk and get ready for your performance back on stage.

### ANIMAL ZONE

11.30am **Western Shield** – Meet our Department of Conservation and Environment officer in the wildlife rescue zone and learn about a special program called Western Shield, protecting our local animals.

## WORKSHOP PROGRAM

SATURDAY 8 OCTOBER 2011

WHARNCLIFFE MILL, CARTERS ROAD, MARGARET RIVER

ALL WORKSHOPS FREE UNLESS OTHERWISE STATED

**9.15am Liana Joy Christensen - Wild Writing** – the science of nature poetry - Go frogging and find haiku, look for wildflowers and write a lyric, connect with nature and express your thoughts and feelings... display them on the Flourish poetry wall. Please bring notebook, pen or pencil.

**9.35am Sonja Kuzich - Immersing children in our forests: regaining the natural balance.** Loving, living and learning through nature is an essential part of many childhoods. It is surprising the number of children that have so little opportunity or inclination to be outdoors. This presentation looks at what this 'nature deficit' means for our children and how we can address this.

**10.10am Margaret River Camera Club - Wildflower photography workshop and walk (\$45 inc 1hr workshop and 2hr practical session)** - This workshop will help you create great wildflower photos perfect for your Margaret River memories. You will then be guided through the surrounding forest to take photos and enjoy local goodies.

**11.10am Jodie Lane - Learning from nature to design productive, sustainable gardens** - Observing and understanding natural ecosystems is one of the most important factors in creating a healthy and productive garden. Jodie will discuss the principles of permaculture and how we can learn from nature to create abundance.

**11.35am Fabian Le Gay Brereton - Being a sustainable energy user**- Energy prices have just gone up again and the carbon tax details have been announced. What's going on and what does all of this mean for the way we use energy? This presentation will discuss energy trends and how you can be a sustainable energy user.

**12.15pm Drew McKenzie - Protecting biodiversity in the Cape to Cape region** - The Cape to Cape Catchments Group has been working on a Conservation Action Plan to protect the unique species of our region. Come and find out what they've been up to.

**12.50pm Drew McKenzie - Life in the Margaret River** - Drew McKenzie is the Margaret River Project Officer with the Cape to Cape Catchments Group. He will provide a unique insight into the ecology, water quality and uses of the Margaret River.

**1.25pm Annette Krahn - Wisdom of our flowers and trees** - The 'Doctrine of Signatures' is nature's way of giving us relevant information about the healing properties of plants.

**2.15pm Stephen Beatty, Ash Ramsay and Dave Morgan - Unique and threatened freshwater fishes of the South West** - This presentation will introduce you to the unique and fascinating freshwater fish fauna of the South West. It will involve a viewing of three fantastic new short underwater films on fish, crayfish and freshwater mussels of the South West.

**3pm Margaret River Camera Club - Wildflower photography workshop and walk (\$45 inc 1hr workshop and 2hr practical session)** - This workshop will help you create great wildflower photos perfect for your Margaret River memories. You will then be guided through the surrounding forest to take photos and enjoy local goodies.
